Knauf Deflection Head Fire Seal – New July 2019

What is it?

Knauf Deflection Head Fire Seal is used at the deflection head detail of drywall partition systems to provide an effective fire and acoustic barrier. Maximum deflection allowance 25mm downward.

Designed for indoor use in dry conditions.

For more information, contact
Technical Service:

Tel: 0800 030 4135

 /KnaufUK  @Knauf_UK

What are the benefits?

- **Simplification of build**
Eliminates the need for cut fillets, mastics and sealants.
- **Time saving**
Improved productivity from faster installation.
- **Improved quality assurance**
Simple solution — visible result.
- **Waste reduction**
Offcuts can be used on next section of track. Easy disposal of any residual product through normal waste channels.
- **Improved Health and Safety**
Elimination of dust when cutting fillets.
Reduction of weight to be lifted overhead during installation.

Build for the world we live in
