All Support is calculated against our current price list, with the duration based on the start and end dates shown above. All service premiums will be at standard terms unless otherwise shown.

Support number MUST be quoted when placing orders with Knauf Customer Services for support showing additional discounts off invoice & when claiming credits for support on proof of delivery. Please check project support document and in the case of any query, please contact Customer Administrator at the Sittingbourne office.

#### What is it?

Knauf Deflection Head Fire Seal is used at the deflection head detail of drywall partition systems to provide an effective fire and acoustic barrier. Maximum deflection allowance 25mm downward.

Designed for indoor use in dry conditions.

For more information, contact Technical Service:

Tel: 0800 030 4135
Email: technical@knauf.co.uk
www.knauf.co.uk

### What are the benefits?

- Simplification of build
   Eliminates the need for cut fillets, mastics and sealants.
- Time saving Improved productivity from faster installation.
- Improved quality assurance Simple solution — visible result.
- Waste reduction
   Offcuts can be used on next section of track. Easy disposal of any residual product through normal waste channels.
- Improved Health and Safety
   Elimination of dust when cutting fillets.

   Reduction of weight to be
   lifted overhead during installation.

Build for the world we live in
